

## Mitas riders have successfully reached the finish line of Dakar Rally 2022

With **more than 8,000 kilometres** and many additional **challenges** along the route, this year's Dakar was an extremely tough race. We are more than proud of our riders, **Sandra Gomez** and **Simon Marčič**, for reaching the finish line.

For **Sandra**, it was her **first Dakar** and she finished **62<sup>nd</sup> overall**, while **Simon** participated in the Dakar for the **8<sup>th</sup> time** and finished **54<sup>th</sup> overall** and **8<sup>th</sup> in the Original by Motul** category.

The 2022 Dakar Rally was a demanding performance and durability test for Mitas tyres. Sandra and Simon used the **E-12 RALLY STAR** on the rear wheel while the **TERRA FORCE-EF Super**, **C-21 STONE KING** and the **TERRA FORCE-MX MH** were used on the front.
